

Silicon Valley Chapter
Advancing Intellectual Capital Management

Become a Silicon Valley Chapter Meeting Host

You are invited to be a host of an LES-SVC monthly chapter meeting. Our monthly meetings provide prominent exposure to thousands of IP professionals, as they are widely publicized through the LES national and the Silicon Valley Chapter websites, email announcements, and through other media outlets. The meetings provide high quality presentations on important IP topics and networking opportunities for usually 50 to 100 attendees.

Luncheon hosts receive the following options:

- Your name and logo on meeting announcements on the LES National and the Silicon Valley Chapter websites, and multiple email announcements
- A brief introduction/welcome of your company at the beginning of the program
- A table can be provided for your promotional materials
- Complimentary luncheon meeting registrations for three people (in addition to panel participant)

Participation in the monthly luncheon program:

- You have the opportunity to assist the LES Silicon Valley Chapter Program Committee in planning the program content and identifying qualified speakers
- You have the opportunity to provide a suitable moderator or panelist to participate in the program along with the other non-sponsor panelists

Luncheon hosts are responsible for:

- Venue selection and catering costs (encouraged to work with LES-SVC Administrator in organizing and working with venue)

For information, contact Casey, casey@les-svc.org.
